The Chinese Investment and Business Alliance of Canada (CIBAC) is a federally incorporated, non-profit organization. We use our Business Resource Centre and international business and academic alliances and networks in an incubator, mentoring environment to assist companies and institutions grow and expand their presence globally. We assist companies and institutions to identify, access and qualify for opportunities in the five aspects of international business: Exports, Imports, Foreign Investments, In-coming Investments, and Project Development/Management.

CIBAC is of particular interest to SMEs who can lever the services of quality professionals by hiring them on a contractual or short term basis. Our strength is derived from our international work in the investment field and our vast experience working with government agencies at both the federal and municipal levels in identifying prospective investors for local business retention and expansion and by assisting companies with mergers, acquisitions and divestitures.
